

Installing and licensing Vicon Evoke

About this guide

This guide covers the following topics:

- [PC requirements for Vicon Evoke](#)
- [Install the software](#)
- [License Vicon Evoke](#)

For information on system setup, including components, optimization, and upgrading Vicon firmware, see the Vicon documentation that was supplied with your system.

If you need further help with setting up your Vicon system, please contact [Vicon Support](#).
